

Win A Makeover And Have Your Hair

Before

Each month As You Like It Hair Gallery transforms one lucky person. This month Amanda O'Neill from Brinsmead was the lucky recipient.

hair By Marcia Ebdell-Blanch

Amanda's hair has been neglected for some time. It was very dry from over bleaching and because her hair is naturally fine, the damaged hair split severely to cause uncontrollable frizz. I removed all the split-damaged hair to create a smoother look, while the blunter bob cut controlled the flyaway hair and brought back style and youth.

Amanda's colour was too pale for her skin tone. I used a dark coffee tone to put colour back into her cheeks, which also added condition and weight to the style. This brought out her skin's warmer tones and really brought out her eyes. I also added a slice of cinnamon to one side for a little fun.

makeup By Sara O'Neil

I wanted to brighten Amanda's eyes and warm her skin tone, so I used shades of Rusty Bronze with a hint of blue eyeliner creating a sun kissed look. Then to really bring out her gorgeous eyes I curled the lashes and kept the lips soft and subtle with a soft gloss.
